VTTI ENERGY PARTNERS LP

Q1 2017 RESULTS

DISCLAIMER

Forward Looking Statements

This presentation contains “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. You are cautioned not to rely on these forward-looking statements, which speak only as the date of this presentation. All statements, other than statements of historical facts, that address activities, events or developments that VTTI Energy Partners LP (“VTTI” or the “Partnership”) expects, projects, believes or anticipates will or may occur in the future, including, without limitation, future operating or financial results and future revenues and expenses, future, pending or recent acquisitions, general market conditions and industry trends, the financial condition and liquidity, cash available for distribution and future capital expenditures are forward-looking statements. These statements often include the words “could,” “believe,” “anticipate,” “intend,” “estimate,” “expect,” “project” and similar expressions and are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. These statements are based on current expectations of future events, are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond the Partnership’s control and are difficult to predict. If underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could vary materially from our expectations and projections. In addition to other factors described herein that could cause VTTI’s actual results to differ materially from those implied in these forward-looking statements, negative capital market conditions, including a persistence or increase of the current yield on common units, which is higher than historical yields, could adversely affect VTTI’s ability to meet its distribution growth guidance. Risks and uncertainties include, but are not limited to, such matters as: the risks that the proposed merger with a subsidiary of VTTI B.V. may not be consummated or the benefits contemplated therefrom may not be realized; future operating or financial results and future revenues and expenses; our future financial condition and liquidity; significant interruptions in the operations of our customers; future supply of, and demand for, refined petroleum products and crude oil; our ability to renew or extend terminaling services agreements; the credit risk of our customers; our ability to retain our key customers; including Vitol; operational hazards and unforeseen interruptions, including interruptions from terrorist attacks, hurricanes, floods or severe storms; volatility in energy prices; competition from other terminals; changes in trade patterns and the global flow of oil; future or pending acquisitions of terminals or other assets; business strategy, areas of possible expansion and expected capital spending or operating expenses; the ability of our customers to obtain access to shipping, barge facilities, third party pipelines or other transportation facilities; maintenance or remediation capital expenditures on our terminals; environmental and regulatory conditions, including changes in such laws relating to climate change or greenhouse gases; health and safety regulatory conditions, including changes in such laws; costs and liabilities in responding to contamination at our facilities; our ability to obtain financing; restrictions in our credit facilities and debt agreements, including expected compliance and effect of restrictive covenants in such facilities and debt agreements; fluctuations in currencies and interest rates; the adoption of derivatives legislation by Congress; our ability to retain key officers and personnel; the expected cost of, and our ability to comply with, governmental regulations and self-regulatory organization standards, as well as standard regulations imposed by our customers applicable to our business; risks associated with our international operations; compliance with the U.S. Foreign Corrupt Practices Act or the U.K. Bribery Act; risks associated with our potential business activities involving countries, entities, and individuals subject to restrictions imposed by U.S. or other governments; and tax liabilities associated with indirect taxes on the products we service. A further list and description of these risks, uncertainties and other factors can be found in our Annual Report filed on Form 20-F which was filed with the United States Securities and Exchange Commission on April 28, 2017 and is available via the SEC’s website at www.sec.gov. VTTI undertakes no obligation and does not intend to update these forward-looking statements to reflect events or circumstances occurring after this presentation.

Non-GAAP Financial Measures

Adjusted EBITDA and distributable cash flow are non-GAAP financial measures provided in this presentation. Adjusted EBITDA and distributable cash flow reconciliations to the nearest GAAP financial measure are included in the Appendix to this presentation. Adjusted EBITDA and distributable cash flow are not defined by GAAP and should not be considered in isolation or as an alternative to net income attributable to VTTI or other financial measures prepared in accordance with GAAP.

ADDITIONAL INFORMATION

Additional Information and Where to Find It

This communication does not constitute a solicitation of any vote or approval with respect to the proposed transaction. This communication relates to a proposed business combination between VTTI B.V. and the Partnership. In connection with the proposed transaction, the Partnership will prepare and disseminate a proxy statement to its unitholders. **WE URGE SECURITY HOLDERS TO READ THE PROXY STATEMENT AND ANY OTHER RELEVANT DOCUMENTS THAT MAY BE DISSEMINATED BY THE PARTNERSHIP BECAUSE THEY CONTAIN OR WILL CONTAIN IMPORTANT INFORMATION.** Security holders will be able to obtain these materials (if and when they are available) free of charge at the SEC's website, www.sec.gov.
